Full Stack Developer

Versatile Full Stack Developer with expertise in Python, Django, React.js, and React Native. Proven track record of building dynamic web and mobile apps with clean UI and secure authentication using Firebase. Skilled in REST APIs, Tailwind CSS, and scalable architecture. Passionate about delivering high-performance, user-centric solutions that drive real business value across platforms.

Education

RIMT University, MandiGobindgarh, Punjab

Bachelor of Technology in Computer Science and Engineering. Focused on software and programming, with courses like Algorithms, Data Structures, Web Programming and Compiler Design.

(Percentage: 80%)

Technical Skills

Frontend: HTML5 & CSS3, JavaScript, TypeScript, React.js, Next.js, React Native, Tailwind CSS, Redux

Backend: Python, Django, PostgreSQL, SQLite, MongoDB, Firebase

Versional Control & Collaboration Tools: Git, GitHub, Bitbucket

Development Tools: VS code, Expo CLI, Node.js, Postman, Android Studio, Firebase Console

Projects

BLISS PHOOL

Blissphool is a modern flower suggestion website featuring occasion-based filtering, image-rich cards, and minimal design. Unlike traditional floral sites, it avoids clutter, loads fast, and offers smart recommendations, making the browsing and gift-selection experience intuitive, beautiful, and user-focused.

BLUEMOO

BlueMoo is a modern dairy e-commerce website I developed to showcase and sell milk and dairy products. It features product listings, pricing, discounts, and clean UI with responsive design, offering users a smooth, organized shopping experience tailored to local needs.

SCHOOL APP

Developed a cross-platform School App using React Native and Firebase, featuring secure email and Google authentication, animated UI, and a clean dashboard. Designed for students to access announcements, homework, and schedules with a smooth, user-friendly mobile experience.

Experience

Python Full - Stack Internship at DUCAT, New Delhi

Tech Stacks: Python, HTML, CSS, JavaScript, Django, Relational DB, Docker, React.js

Successfully completed a 6-month internship as a Python Full Stack Developer, building scalable web apps using Django, React.js, and PostgreSQL. Developed responsive UIs, secure authentication systems, and RESTful APIs, while collaborating in agile teams and deploying full-stack solutions end-to-end.
